

someone has been
knocking on my door
every day this week.

Knock

Knock

they aren't there
when i open it.

i called the cops once.
the next day there was blood
on my porch.

they said they never saw
anyone drop by.

when i installed a camera,

all it showed
was birds dying
on my porch.

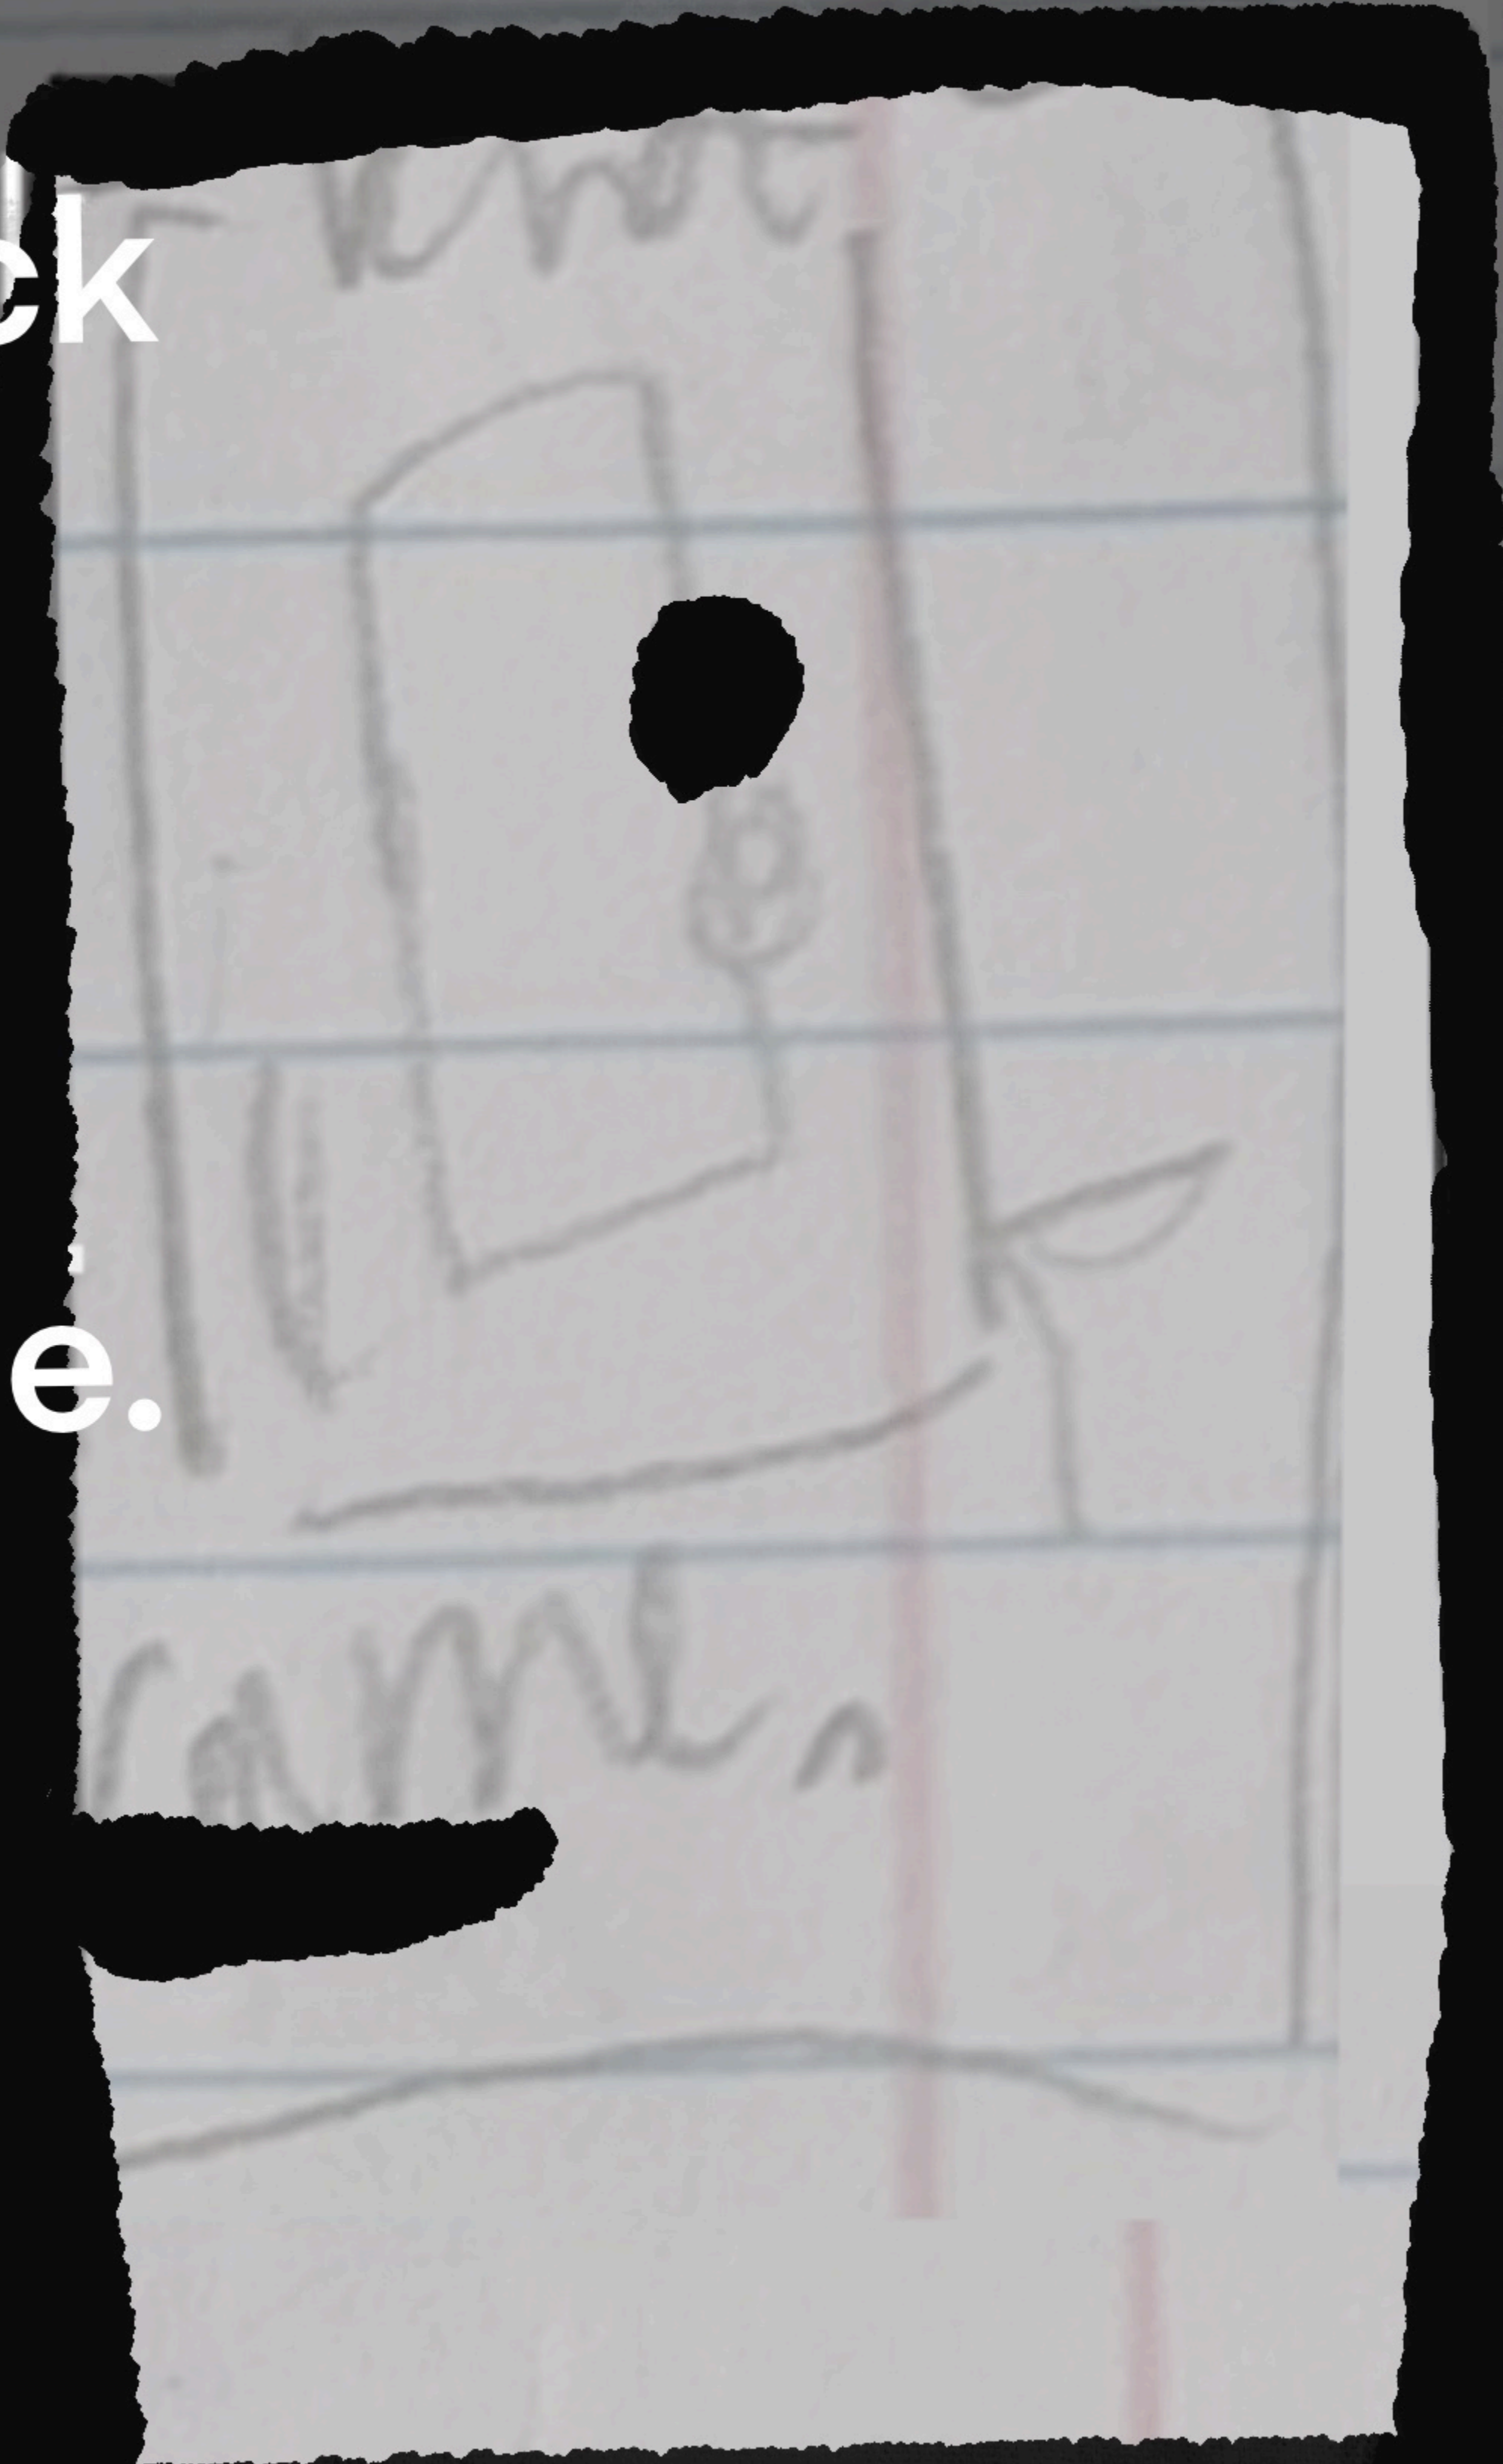

the

knock

still
still

came.
came.

GOD,

S
weep

i hate the suburbs.
